Taking storage to the MAX,
now that's...

iQ

An intelligent way to get the most from your budget and improve your ROI...longer-life product performance, improved infection control, unique organization, and configurable with interactive on-line tools to yield real process and operational efficiencies.

i

"The Ultimate lifetime storage solution...built of advanced polymers with smooth surfaces and Microban antimicrobial product protection. MetroMax **i** is the preferred solution for sterile environments...extremely durable, corrosion proof, clean, and safe for supplies."

Q

"MetroMax **Q**'s unique corner release allows shelves to be repositioned in seconds. Smooth, easy to clean surfaces, and epoxy coated components, with Microban antimicrobial product protection provide superior performance over traditional wire shelving."

Uniquely Justifiable...

Life-long durability, premium infection control, and efficient organization to improve ROI.

New MetroMax i™ Uniquely Lifelong...

From top to bottom, a premium storage solution that is built to address clinical needs for a lifetime. MetroMax i™ offers a corrosion proof, lightweight polymer design with the strength of steel. Removable polymer mats, smooth rounded surfaces, solid bottom shelves, and built-in Microban product protection provide an overall cleaner solution enhancing a facility's infection control processes. iQ system accessories organize small loose items, bulky packages and containers. Life-long durability, product protection, well-organized storage, all in the easiest to clean system, provides efficiency and productivity gains to get the most out of your budget while improving the Return On Investment. MetroMax i™...*uniquely justifiable.*

iQ System Accessories Adaptable . . .

- a. Standard 8" (203mm) tall polymer dividers and 2" (51mm) tall stackable wire ledges are easily repositioned to separate and contain loose products.
- b. Flexible slide systems fit a variety of Metro tote boxes. Store more vertically with easy access to supplies.
- c. Bins and totes provide convenient, exchangeable small item storage.
- d. Beyond transport, casters improve access to walls and hard-to-reach areas of the floor in support of good cleaning practices. Consider casters with polymer horns for improved durability in wet areas and controlled environments. For heavier duty transport applications, dolly bases and plate casters are available.

MetroMax iQ™ Storage System :-)

Uniquely Justifiable. . .

Designed with innovative polymers for longer-life product performance, new organizational tools to safely store more, easy-to-clean surfaces to promote infection control, interchangeable components for maximum flexibility, interactive on-line configuration tools...a truly unique way to increase storage capacity, productivity, departmental efficiencies and ultimately your Return On Investment.

Interchangeability: MetroMax i™ and MetroMax Q, shelves, posts, and most accessories are uniquely interchangeable making the iQ system adaptable to your specific application.

Longer-Life Durability and Performance: Corrosion proof MetroMax i™ has an innovative lightweight polymer design with the strength of stainless steel at a fraction of the cost. MetroMax Q™ has an advanced polymer and epoxy coated design that offers superior performance versus wire shelving. Both systems provide a higher level of corrosion protection increasing the life of the product and ROI.

Improved Infection Control: Microban antimicrobial product protection is built into the high contact areas of the products including the shelf mats, frames, and posts to keep products "cleaner between cleanings". Advanced polymers and other proprietary finishes provide corrosion resistance. Smooth surfaces and removable mats promote easier cleaning.

Safe Storage Optimization: iQ System accessories contain, compartmentalize, and organize your stored contents to maximize every cubic inch of storage space. Smooth polymer components protect packaged items from being compromised.

Uniquely Integrated :-)

MetroMax iQ™ Storage System is supported with interactive online tools to help you configure a storage solution that is right for you. Visit www.metro.com/iQ where videos provide an introduction to the iQ system. View MetroMax i™ configurations with tips that point out the best uses of the system. Then, use the online configurator to help you build the exact shelving system you desire. Finally, find all the literature and support materials for the iQ System in one convenient location. MetroMax iQ is uniquely integrated.

iQ System Accessories Flexible . . .

- e. Integrated solid ledges and dividers provide a clean, adjustable small parts storage solution.
- f. Shelf-to-Shelf dividers fully utilize the space between two shelves . Use on the interior or the ends of the shelf to manage larger or hard-to-handle loose items.
- g. Ergonomic handles like the swing up model (pictured) enable easy maneuvering of MetroMax i™ and Q transport carts throughout a facility or campus.
- h. Solid shelf mats contain leaks and spills and are ideal for use on the bottom shelf to protect supplies from dirt or mops.

New MetroMax Q™ Unique Value...

A quantum leap from traditional wire shelving, MetroMax Q™ is a value-added storage solution that offers superior cleanability and long-lasting performance. MetroMax Q™ is constructed of durable polymer mats and epoxy coated frames and posts for increased corrosion protection. Unique performance...shelves easily adjust with a flip of the corner releases to maximize storage efficiency and hold up to 800 lbs. (363 kg). Cleaner by design, with removable polymer mats, smooth surfaces, and built-in Microban antimicrobial product protection, MetroMax Q improves a facility's infection control processes. MetroMax Q units can also be outfitted with MetroMax i™ solid bottom shelves or corrosion proof polymer posts. iQ system accessories organize small items, bulky packages, and totes. Long-lasting durability and product protection, clean design, and well-organized storage enhance efficiencies and productivity to deliver a healthy ROI. MetroMax Q™ ...a unique value.
