- **GC:** JBM General Contractors Inc

# In this new lab for Harvard University - Nocera Lab

[Lexington Series Wood Veneer Casework](#)

---

[Harvard Series Fume Hoods](#)

---

NEL was selected to be part of the project team to renovate parts of the Conant building for the new Nocera Lab Group. NEL provided laboratory furniture including wood lab casework made from FSC® certified and NAUF vertical bamboo. Countertops were made from linoleum with wood edge at the write up stations. NEL provided custom office casework, including bookshelves with file cabinets. NEL also provided many stainless steel chemistry fume hoods with several custom features. The Laser Lab was outfitted with overhead service shelves with aluminum framing components. Custom millwork was also provided in the conference room, break room and office area.
