

OPTIMA™

ADAPTABLE LABORATORY FURNITURE SOLUTIONS

**Optima™ Laboratory Bench Systems**

Optima™ Laboratory Bench systems has been designed to adapt to an array of laboratory processes, equipment and users. It conveniently supplies all the services and features required for today's laboratory in a self-contained and self-standing bench assembly. This stylish system is available in different designs with the option of a powder coated steel finish or stainless steel.

With the Optima™ system, laboratories can be easily created, changed and reconfigured for new applications or changing space. Integrated services deliver quick and easy access while providing superior flexibility by keeping the work surface open. Plumbing, electrical and data services are factory installed and designed to quick connect to ceiling mounted service panels or overhead service carriers. The Optima™ system provides the ultimate answer to flexibility by offering adjustable work surfaces and shelving to accommodate the ever-changing requirements in today's laboratories.

For additional information and help in planning contact Mott Manufacturing.

## OPTIMA™

## 2550 SERIES LABORATORY BENCH SYSTEM

## Optima™ Series 2550

Optima™ 2550 adapts to an array of laboratory processes, equipment, and users. This system offers increased flexibility by providing a freestanding bench with an integrated stand alone table all at the same price of our Optima™ 2500 laboratory bench system.

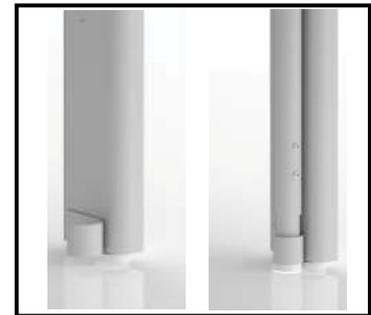

- Overall assembly is 84" high, 2" x 6" deep rear posts with leveling feet, comes complete with cantilevered table frame and freestanding round leg table (without uprights).
- Table frame is height adjustable in 1" increments from 29" to 36" (work surface not included).
- Available in 58" and 70" depths, overall depth does not include work surface.
- Shelves and end panels are not included and must be ordered separately.
- Complete with hanging rails to suspend lower cabinets on units 72" wide and smaller. To order suspended base cabinets and mobile cabinets refer to that catalog sections (assemblies larger than 72" wide cannot suspend cabinets).
- A maximum of three plumbing fixtures are available on the plumbing post.
- Four electrical receptacles are standard in lower electrical post.
- Utility channel will have electrical and data provisions, see page Q5 and Q6 for details.
- Available in powder coated steel finish or stainless steel.
- Ships partially assembled.

Please contact Mott Manufacturing for maximum load ratings.

Four legged table is easily removable without tools and can be used as a self-supporting work area anywhere in your lab. Before removing the four leg table the above shelves must be removed.

Back of bench is independent and freestanding round leg table without uprights or shelving and docks almost invisibly into the upright. Held in place by clips at the bottom of the frame.

Profile is flat on the exterior side of the bench and is rounded on the inside which provides a clean and uniform appearance when benches are sequenced.

OPTIMA™

OPTION CODE "SQ"

Optima™ Series 2500 & 2550 With Option Code "SQ"

The Optima™ 2500 and 2550 bench with option code "SQ" has 6" x 2" rectangular rear uprights and 2" square front legs. This bench offers the same features as the 2500 and 2550 series. When ordering all components for this bench option code 'SQ' must be applied to these part numbers as well.

Optima™ 1550 bench shown.

Rectangular profile provides a clean and uniform appearance when benches are sequenced.

Optima™ Series 2100 With Option Code "SQ"

The Optima™ Series 2100 with option code "SQ" is a single-sided bench with 2" square rear uprights and 2" square legs. This bench offers the same features as the 2100 series. When ordering all components for this bench option code "SQ" must be applied to these part numbers as well.

Square profile provides a clean and uniform appearance when benches are sequenced.

Please contact Mott Manufacturing for maximum load ratings.

- ! Overall depth of assembly does not include work surface.
- ! Shipped partially assembled.

- ! When option code 97 is applied to the Optima™ system, the bench is supplied with leveling casters, side and rear stretchers. This option is not UL listed.
- ! When casters are supplied, the load rating is reduced, contact Mott for details.

Tech Desk Station

48" wide unit

60", 72" & 96" wide unit

Width	29" Deep	35" Deep
48"	RTD0248	RTD0348
60"	RTD0260	RTD0360
72"	RTD0272	RTD0372
96"	RTD0296	RTD0396

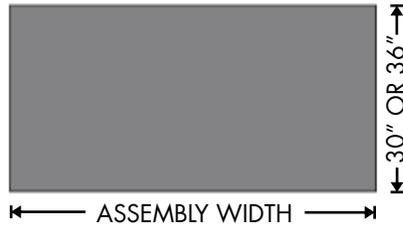

- ! Available in powder coated steel finish or stainless steel.
- ! Overall assembly is 84" high with 2" tubular rear posts with leveling feet.
- ! Standard 30" high fixed height table (work surface not included). Tech Desk as shown is not intended to be height adjustable.
- ! Complete with hanging rails to suspend lower cabinets on units 72" wide and smaller.
- ! To order suspended base cabinets and mobile cabinets refer to the catalog section (assemblies larger than 72" wide cannot suspend cabinets).
- ! Tech Desk Stations feature a single sided linoleum bulletin board (height of bulletin board is designed for a 1" thick work surface) and a modesty panel (13-3/4" high). The bulletin board eliminates the use of service fixtures.
- ! Two electrical receptacles are standard in lower electrical post.
- ! Utility channel will have electrical provisions, see page Q17 for details.
- ! Shipped partially assembled.

72"	ASR2172	2
96"	ASR2196	2

- Steel Shelf angles can be added to any existing Optima™ shelf and are used to stop items from sliding off of shelving.
- 2" high with a 1" return and notched for shelf brackets. Available in stainless steel.
- Dimensions are nominal.
- Ships loose.

**OPTIMA™**

**2100 SERIES COMPONENTS**

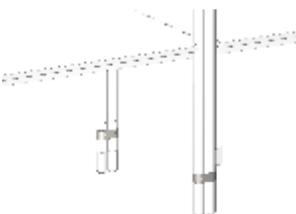

Back-To-Back Fastener Kit

Item Number
-------------

- RBF0000
- Lower bracket attaches to bottom of the rear post legs to stabilize two assemblies that are situated back-to-back.
  - Fastener available in stainless steel.
  - Hardware not included.
  - Suitable for Optima™ 2100 Series only.

Side-To-Side Fastener

Item Number
-------------

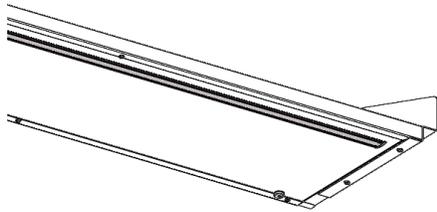

- RSF0000
- The bracket attaches to the front or rear post legs to stabilize two assemblies that are situated side-to-side.
  - Fastener available in stainless steel.
  - Hardware not included.
  - Suitable for Optima™ 2100 Series only.

Note: Side-To-Side Fasteners as shown from behind the Optima™ 2100 Series assembly.

**OPTIMA™**

**COMPONENTS**

**EdgeWave™ LED Shelf Task Lights**

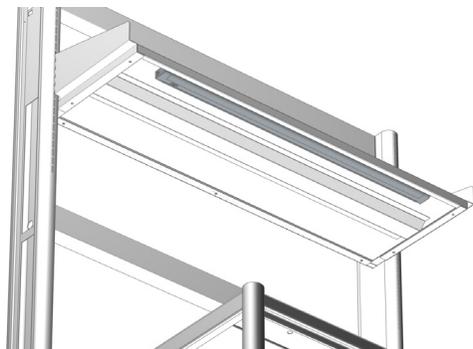

**LED Shelf Lighting Option Codes**

On/Off Switch With Dimming Function	Hand Wave Sensor With Occupancy Sensor	Soft Touch Dimmable Switch With Occupancy Sensor
-------------------------------------	--	--

- |            |            |           |
|------------|------------|-----------|
| <b>LL1</b> | <b>LL2</b> | <b>LL</b> |
|------------|------------|-----------|
- EdgeWave™ LED task lights mount into the underside of a steel, wood, plastic laminate, or phenolic resin shelf and is designed to directly illuminate work surfaces.
  - Finished bottoms will be provided on the underside of steel shelves.
  - EdgeWave™ LED light option is included in our Optima™ bench UL listing.

- **Option LL1:** Touch the button to turn your LEDs on or off. Touching the button cycles the dimming control up & down, from 10%-100%. The switch then saves the brightness setting until the next time the lights are turned on.
- **Option LL2:** Wave your hand over the sensor to turn your LEDs on or off. The occupancy sensor ensures that the lights will turn on automatically when motion is detected & turn off automatically in 30 minutes when motion is no longer detected.
- **Option LL:** Touch the button to turn your LEDs on or off. Touching the button cycles the dimming control up & down, from 10%-100%. The switch then saves the brightness setting until the next time the lights are turned on. The occupancy sensor ensures that the lights will turn on automatically when motion is detected and turns off automatically in 30 minutes when motion is no longer detected.

**Under Mount LED Shelf Task Lights**

Length of Light	Item Number
15"	TLW0015
24"	TLW0024
37"	TLW0037
49"	TLW0049
60"	TLW0060

- Order light a minimum 6" shorter than the shelf.
- UL Listed Low profile (15/16" wide by 1-9/16" high), white LED task light mounts to underside of the shelf and plugs into the Optima™ raceway.
- 50,000 hour life rating, 4000k cold temperature, high efficiency with 87 lumens/watt, 60 foot-candles when shelf is 22" above the work surface.
- In-line on-off rocker switch located on the fixture. A white power plug and 78" long cable come standard with each light. Polycarbonate lens protects the lamp.
- Ships loose, includes screw-in plastic mounting clips. Optional magnetic mounting clips for steel shelves are available, use option code MC.

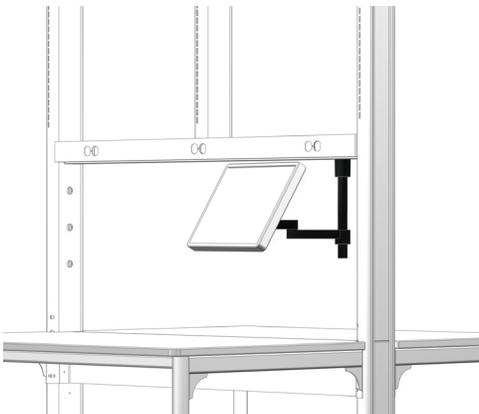

**Task Light Flexible Connectors**

- White Flexible Connector allows to easily link LED lights in one continuous line. A maximum interconnection of 12 light fixtures. Only for use with Under Mount LED Shelf Task Lights. Ships loose.

Depth	Item Number
11"	LFC0011
19"	LFC0019
39"	LFC0039

**LCD Monitor Arms**

Item Number	Anodized Silver Finish	Black Finish
MONARMS	MONARMS	MONARMB

- Position your LCD for maximum productivity and comfort.
- Features foldable arms which adjust vertically up and down a 12" pole. The arms can fold up to fit in about 3" of space & extend out 14". Rotates 360 degrees at three joints, monitor tilting mechanism can tilt over 200 degrees & adjustable tension at joints which is ideal for touch-screen applications.
- Weight capacity adjusts to hold up to 40lbs (Monitor depth greater than 2" may diminish capacity). Monitor not included.
- Easily attaches to LCDs that are VESA MIS-D, 100/75, compliant.
- Ships loose. Installs easily to lower cross member with one screw.
- The use of a monitor arm prevents usage of a bulletin board.
