In this new space for Alexandria Real Estate Equities (AREE) - Science Hotel

Lexington Series Wood Veneer Casework

Cambridge Series Fixed H-Frame Tables

Epoxy Resin Tops

Harvard Series Fume Hoods

The Science Hotel is a 17,700 square foot facility consisting of 14 individual lab suites. Each comes equipped with Lexington Series maple casework and two New England Lab Harvard Series fume hoods. The room design layout allows tenants to configure space according to their own individual requirements. Additional casework, tables and fume hoods may be added or rearranged as needs change. Also included in each suite are epoxy resin work surfaces, pegboards and WaterSaver fixtures.
