In this new space for Millipore - Bio-Process Labs

Stratford Series Stainless Steel Casework

Wakefield Series Designer Overlay Casework

Stainless Steel Tops and Sinks

Epoxy Resin Tops

The Bio-Process Labs consist of our Stratford Series Stainless Steel and Wakefield Series overlay casework. In the glass wash areas stainless steel casework, sinks and work surfaces provided the highest level of cleanliness and durability. The overlay casework provided the durability of steel with the designer look of wood. The labs were also fitted with WaterSaver faucets and gas fixtures.
