In this new lab for Momenta Pharmaceuticals - 5th Floor Build-Out

Lexington Series Wood Veneer Casework

Epoxy Resin Tops, Sinks and Pegboards

Pro Series Fume Hoods

This project features the popular Lexington Series maple casework with epoxy resin counter tops. The reagent shelving system included adjustable maple shelving on floor mounted support posts. Also provided for this project are the epoxy pegboards, acrylic splashes and plumbing fixtures. Pro Series fume hoods with combination sashes, and painted steel solvent and acid storage cabinets were also provided.
