In this new lab for University of North Carolina - Kenan Lab Renovations

Overlay Designer Steel Casework

Safeguard Series Fume Hoods

Flex Series Cart System

Custom Reagent Shelving System

UNC Chapel Hill recently renovated the 4th and 5th floors of their Kenan Laboratories, home to the Chemistry Department. UNC looked for a team who could seamlessly combine cutting edge custom products with recycled products, sparking a new generation of scientific innovations. New England Lab took on the challenge of blending old and new with European Steamed Beech wood casework, fume hoods, mobile cart systems and custom reagent shelving systems.
